

SCIENCE: GENETIC DISORDERS PATHFINDER

Try our District Databases for credible sources of information:

[Science in Context](#) – search by the name of the disorder

[Consumer Health Complete](#) – search by the name of the disorder, use the Pamphlets tab

[World Book Online](#) – only lists the most well-known disorders

Other Recommended Websites:

NATIONAL HUMAN GENOME RESEARCH INSTITUTE

[Specific Genetic Disorders](#)

Many human diseases have a genetic component. Some of these conditions are under investigation by researchers at or associated with the National Human Genome Research Institute (NHGRI).

This site provides a list of selected genetic, orphan and rare diseases. *This list is by no means comprehensive.* If the condition you are looking for is not listed below, other resources are available at: [The Office of Rare Diseases Research \(ORDR\)](#).

GENES AND HUMAN DISEASE

[World Health Organization](#)

General information on various genetic disorders, only lists the most well-known.

MEDLINE PLUS - US National Library of Medicine

[Genetic Disorders](#)

MedlinePlus lists information on specific genetic disorders in the right sidebar. There are also links to health information from the National Institutes of Health and other federal government agencies.
